### ***Strengthening Vocational Training in Kosovo***

Pristina, December 10th 2012

## **Reference letter**

From 2009 to 2010, Lux-Development has contracted AUK – **American University of Kosovo** - to organize two months Trainings for educated jobseekers, mostly students graduated from University.

Around 130 educated jobseekers have been trained by AUK in Management, Business Administration and ECDL. The pedagogy has been adapted to students who did not have any previous training in Accounting/Financing and, according to project evaluation, most of the trainees were quite happy from these trainings with AUK that facilitate their entrance on the labor market.

Therefore, Lux-development is happy to recommend AUK as a **Training provider**.

Yours sincerely,

Jean-Luc Camilleri
