Dear AUK Training and Development Institute,

The "Basics of Project Management" training you conducted for our employees was great. The group from the beginning was so impressed that by the afternoon they were letting us know how useful the session was for them. Some even are developing the projects that they were discussing with you.

We are looking forward to see what other impact results accord from the ideas, insights, training and action plans that employees put into practice as a result of your training.

We appreciate you for sharing your talents and knowledge with us. It was certainly a worthwhile day for our employees.

We look forward working with you in the future

Sincerely,

The Office of Human Resources
and Legal Affairs
